COULDN'T LIFT HER 6-MONTHS OLD BABY

Was Bound So Fast to Bed She Couldn't Move Without Help.

"I was down in bed and couldn't raise my head or move without help, and now I am now able to do all my housework, even to my cooking and garden work, and I weigh more than I have in eighteen years, and have been taking Tanlac only about four weeks," said Mrs. Dollie Hawkins, wife of a well-known carpenter, residing at 4906 Second ave., South Birmingham.

"For many years," continued Mrs. Hawkins, "I have suffered with rheumatism in my shoulders, arms and in my sides and neck, and I had indigestion, too, in its acute form. The rheumatism got me down in bed and had me bound so hard and fast, somebody had to move me about, and the pain was terrible. I couldn't so much as lift my six-months old baby, and we had to hire somebody to wait on me and do my work. I was so nervous and full of pain the least little thing dropping on the floor would startle me, and my heart would almost stop beating, and the only way I could get any sleep and rest was from hyperdermics. I had indigestion so bad I couldn't eat any solid food at all, and I was so thin and weak and in such a run-down condition that my baby fell off until it was just a little skeleton and fretted and cried all the time except when it was given something to make it quiet."

"I felt better in just a few days after I began taking Tanlac. I could eat something and sleep better, and my baby showed improvement almost as soon as I did. I have taken three bottles of Tanlac, and I am not nervous in the least now and my sleep is fine. My misery is all gone and I don't need the servant any more. I can eat anything I want, and my food not only gives me nourishment but my baby is as fat as a little pig and sits for hours on a pallet and plays without a whimper. It has been a long time since I felt as well and strong as I do now, and as I have already said, I weigh more than I have before in eighteen years. Tanlac has made a well woman of me and a fat healthy baby out of my little sickly one, and I don't know any better way to tell what a wonderful medicine it is than that. I'm just so thankful for what Tanlac has done for us, and I want everybody to know about this great medicine."

Tanlac is sold in Dickson exclusively by Matthews Drug Co.—adv.
